A Look At The 'Fascist' Agenda Behind The 'Great Reset'

Recently, the International Monetary Fund (IMF) managing director called for a “new Bretton Woods moment.” Meanwhile, the IMF is not the only entity pushing for a “great reset,” as the World Economic Forum (WEF) and other mainstream entities have been promoting the financial reboot propaganda.

The Status Quo Preps for the 'Great Reset' Via Intense Propaganda

In 2020 the world moved in lockstep in order to avoid the coronavirus outbreak. The government's reaction to Covid-19 created a different world and the global economy has seen better days. The last report concerning the IMF's call for a “new Bretton Woods moment,” news.Bitcoin.com's findings discovered some of the “great reset” doctrines. The great reset concept is very similar to George Orwell's famous dystopian novel 1984, and some believe the subject is a borderline 'conspiracy theory.'

For instance, a website called greatreset.com has been floating around the web catching people's attention this year. Additionally, a Youtube video published by the Corbett Report offers a guide to

the so-called reboot. The great reset conversation is also quite topical and discussions can be found on many social media avenues like Twitter, Reddit, and Facebook.

Likewise, websites like the [greatreset.com](https://www.greatreset.com) have sparked intense speculation about an upcoming financial reset where the global elite forcefully invoke the 'fourth industrial revolution.' The coronavirus measures coupled with purported climate change and statist propaganda are considered the primers of this great reset concept.

In fact, the World Economic Forum (WEF) has been promoting the concept for years, and back in November 2016, the WEF tweeted about eight predictions for the year 2030. The WEF 2030 prediction tweet describes a world where, "You'll own nothing, and you'll be happy" and the short clip says that everyone will rent everything they need. The prediction quote from the tweet originally stems from a member of Danish parliament, Ida Auken.

Ever since the #greatreset hashtag started trending again this week, people have also been responding to the 2016 WEF tweet. Today, the WEF website and its founder Klaus Schwab are still heavily promoting this idea.

"Do we aim to get back to where we were before, or should we take the opportunity to make society fairer, smarter and greener, and get humanity off the road to climate catastrophe – a 'great reset'?" one of the WEF's reboot editorials states. The editorial is the subject of Klaus Schwab's book called: "Covid-19: The Great Reset." The book describes how the virus disrupted both economic and social infrastructure and "what changes will be needed to create a more inclusive, resilient and sustainable world going forward."

Moreover, the publication Time Magazine has dedicated a lot of time to get its readers to understand the great reset as well. Time has partnered with the WEF and hosts a whole section towards the reset ideas. Similar to the book and WEF's stance, Time's new collection of great reset editorials discuss topics like the coronavirus, climate change, and reimagining capitalism.

The Time articles are also filled with equality boosterism and environmental destruction cues from the progressive left. Oddly enough, one editorial notes that some "segments of society" can't "make this great leap forward" in regard to the great reset. However, the author says that "governments can rewrite the social contract to provide for as many as possible remains urgent and vital."

The Elite's Great Reset Doctrine Is Considered an Advance Toward a New Type of Political Globalism and Fascism

Not everyone is too keen on the great reset concept, and there's a number of hit pieces against the idea trending on the web. For a case in point, an editorial published by the publication, Winter Oak, calls the new trend Schwab's "fascist reset."

"This new fascism is today being advanced in the guise of global governance, biosecurity, the 'New Normal,' the 'New Deal for Nature' and the 'Fourth Industrial Revolution,'" explains the Winter Oak article.

The author adds:

The original fascist project, in Italy and Germany, was all about a merger of state and business. While communism envisages the take-over of business and industry by the government, which – theoretically – acts in the interests of the people, fascism was all about using the state to protect and advance the interests of the wealthy elite.

On Twitter, one of the authors of the "HPV Vaccine On Trial," Eileen Iorio, told her 15,000 followers that the founder of the WEF "wants to take this unprecedented opportunity to 'Reset' the world."

"#TheGreatReset was founded in Davos and you don't get to vote on it. Climate Change policies will be the cover story. [Time Magazine] LOVES it," she added.

For quite some time now free-market advocates and Austrian economists have warned about the

infectious political globalism spreading throughout the world. Meanwhile, central banks and politicians have been creating money out of thin air and feeding trillions to special interests.

Winter Oak says that Schwab's agenda is based on his theory dubbed 'stakeholder capitalism,' which has a number of extremely fascist elements. In a stakeholder capitalist-based world, the private sector is tightly tethered to the government and "the notion that a firm focuses on meeting the needs of all its stakeholders: customers, employees, partners, the community, and society as a whole."

The heading of the schedule mentions the High Commissariat for Planning, a public organization created by the French government through a presidential decree signed by Emmanuel Macron, who appointed Francois Bayrou at the head of this institution.

The global elite want to drag mankind towards the biggest economic crisis ever seen in history.

This huge economic upheaval will create a massive hole in global demand. At that point, the food supply chain would be disrupted.

Bankruptcies and economic busts will be devastating and unprecedented. Unemployment will reach peaks never before seen and people will have problems getting essential food resources.

This phase anticipates many riots will lead to the total collapse of society.

The next step would be the militarization option. Martial law will be the only way to placate the massive rebellions and riots caused by a pre-planned world famine.

It would be a war scenario, but on a global scale.

The great destabilization would have the characteristics of the catalyzing event mentioned by David Rockefeller in 1995 before the United Nations.

This crisis will be accurately engineered in order to create a disorder which would take mankind to the New World Order.

Once the masses lose their jobs and the minimum essential resources to survive, they will be offered a choice: receive the universal income.

The creator of the Five Stars Movement, Beppe Grillo, has spoken about this subject. The FSM has been the mouthpiece of one of the main goals of the globalist circles such as the Club of Rome and the Bilderberg Group.

Globalism wants to drag mankind towards a complete deindustrialization and to the end of work, as it was known in the capitalistic economies.

The end of work would basically deprive the individuals of their independence. Only those who will accept the universal pittance would be in the conditions to survive.

The masses flooded by private debts will be asked to renounce their personal belongings in order to receive this basic income. The end of private property will be one of the ultimate goals.

In the global dictatorship, a collectivist society would arise in which the idea of personal property will no longer exist.

If the masses refuse the universal income and the mandatory vaccine that should be distributed in the summer of 2021, they will be forced to stay in the quarantine camps until they will come to globalist terms.

The true nature of globalism as a satanic transhumanistic ideology

It is the final exteriorization of the globalist ideology in which there is no place for free will. There is only total submission.

The true nature of this philosophy is indeed satanic.

This plan has the stated objective to destroy mankind and to reduce us to "cattle" with no rights and devoid of any spiritual sense.

It is the antithesis of Christian religion which sees man as a being gifted of free will and spiritual sense that leads him to reject the blind obedience to evil represented in this case by the global totalitarianism.

The representatives of the global elites are openly speaking of this plan.

Klaus Schwab, a Davos member, has recently mentioned the Great Reset as a "fourth industrial revolution" able to reach total mind control through a microchip brain implant.

It may seem science fiction, but the system already disposes of this technology. In a recent report presented on Italian public TV, a video was shown where a microchip was implanted in the brain of a pig.

Through this technology, it is possible to manipulate the will of the animal. This is what the New World Order has in mind, but men would be in the pig's shoes.

Freemasonry sees mankind as a mass of "useless eaters."

It is an ideology that deeply despises mankind and wants to enslave it.

The Great Reset has this sole purpose, namely to pave the way to the last phase of the NWO.

Technology would deprive man of his identity and will render him as a hybrid between a machine and a human being.

It is this transhumanist philosophy, which is deeply intertwined to Satanic and esoteric ideology, which aims to destroy the original creation of God.

Now the plan has been completely shown to us in open sight. There is no "conspiracy". What was bravely stated by some independent journalists and researchers some decades ago is taking place now.

The Great Reset could only take place through the direct participation of the US.

If America falls into the hands of corrupt politicians blackmailed by China, the leading globalist

power, then the globalist cabal would have no more obstacles.

The world super government will be the inevitable result as the Great Reset which will enslave whole mankind.

The 'New World Order'

Soon this world will be divided into 10 major geographical regions and nerve centers. The Illuminists know that all of the governments around the world are destined to collapse soon. They know this because these are planned economic collapses. With the total collapse of the global economy a world wide take over will be enforced thereby creating a Totalitarian Police State.

Who Is Jesus Christ? mp3

Whether you believe in a spiritual war or not, you still need Salvation. It is all that will save you when this life on earth is finished.

Do you know beyond the shadow of a doubt where you would go if you died tonight? If not, please consider the following, we pray it's a blessing to you. The Bible says there is only one way to Heaven

Jesus said: "I am the way, the truth, and the life: no man cometh unto the Father but by me." (John 14:6)

Good works cannot save you.

"For by grace are ye saved through faith; and that not of yourselves: it is the gift of God: Not of works, lest any man should boast." (Ephesians 2:8-9)

Trust Jesus Christ today! Here's what you must do:

1. Admit you are a sinner.
2. Be willing to turn from sin (repent).
3. Believe that Jesus Christ died for your sins, was buried, and rose from the dead.
4. Upon believing the gospel, God declares you to be righteous and saves you by his grace.

"God so loved the world that He gave His only Son, so that whoever believes in Him should not perish, but have everlasting life." John 3:16.

"For whosoever shall call upon the name of the Lord shall be saved." Romans 10:13
